# PART 1: Policy

## 1.1 Definitions

**Safeguarding** is defined as:

- Protecting children from maltreatment.
- Preventing impairment of children's mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- And taking action to enable all children/vulnerable adults to have the best outcomes.

**Child Protection** is defined in the Children Act 1989 (s.47) as when a child is suffering or is likely to suffer significant harm. Under statutory guidance and legislation, action must be taken to safeguard and promote the child's welfare.

## 1.2 Introduction

At **Educationwise Academy**

- Safeguarding and promoting the welfare of children/vulnerable adults is **everyone's** responsibility. **Everyone** who comes into contact with children, their families and carers, has a role to play.
- In order to fulfil this responsibility effectively, all professionals should make sure their approach is child centred. This means that they should always consider what is in the **best interests** of the child.
- We take an '**it can happen here**' approach where safeguarding is concerned.
- **Everyone** who comes into contact with children/vulnerable adults has a role to play in identifying concerns, sharing information and taking prompt action.
- Victims of harm should **never** be given the impression that they are creating a problem by reporting abuse, sexual violence, or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

**Educationwise Academy** is committed to safeguarding and promoting the welfare of children/vulnerable adults by:

- The provision of a safe environment in which children/vulnerable adults can learn.
- Acting on concerns about a child's welfare immediately.
- Fulfilling our legal responsibilities to identify children/vulnerable adults who may need early help or who are suffering, or are likely to suffer, significant harm.

All action taken by **Educationwise Academy** will be in accordance with:

- **Current legislation** (these are summarised within [Working Together to Safeguard Children: statutory framework](#))

- **Statutory, national, and local guidance – this includes:**
  - **Working Together to Safeguard Children (2018)**, which sets out the multiagency working arrangements to safeguard and promote the welfare of children and young people and protect them from harm; in addition, it sets out the statutory roles and responsibilities of schools.
  - **Keeping Children Safe in Education (2023)** which is statutory guidance issued by the Department for Education which all schools and colleges must have regard to when carrying out their duties to safeguard and promote the welfare of children.
- **Government guidance in relation to:**
  - **COVID19:** The government has removed remaining restrictions in England. **Educationwise Academy** have created an addendum to this document in the event of a further lockdown.
  - **Specific topical safeguarding issues** – a collection of up-to-date guidance can be found on the Safeguarding in Education Team’s guidance page. [Key Guidance: Safeguarding in Education](#)

**This policy should be read in conjunction with the following policies:**

- Recruitment and Selection
- Whistleblowing and Public Interest Disclosure
- Code of Conduct for Staff/ Staff Behaviour Policy (including the setting’s Low level concerns procedures)
- Behaviour (which should include measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying, and Exclusions Policy as a separate document)
- E-Safety
- Self-Harm
- Policy on Supporting Children in Care
- Attendance (including the safeguarding response to children/vulnerable adults who go missing from education)
- Health and Safety

The CEO will ensure that the above policies and procedures, adopted by governing bodies and proprietors, are accessible, understood and followed by all staff.

### **1.3 Equalities and Rights Statement**

With regards to safeguarding we will consider our duties under the [Equality Act 2010](#) and our general and specific duties under the [Public Sector Equality Duty](#). General duties include:

1. Eliminate discrimination, harassment, victimisation, and other conduct that is prohibited by the Equality Act 2010.
2. Advance equality of opportunity between people who share a protected characteristic and people who do not share it.
3. Foster good relations across all protected characteristics between people who share a protected characteristic and people who do not share it.

Details of our specific duties are published under **Educationwise Academy's** equality statement and measurable objectives. **These are available on our website**

Staff are aware of the additional barriers to recognising abuse and neglect in children/vulnerable adults with Special Educational Needs and Disabilities (SEND).

**Educationwise Academy** also adheres to the principals of and promotes anti-oppressive practice in line of the [United Nations Convention of the Rights of the Child](#) and the [Human Rights Act 1998](#).

## 1.4 Overall Aims

This policy will contribute to the safeguarding of children/vulnerable adults at **Educationwise Academy** by:

- Clarifying safeguarding expectations for members of the education setting's community, staff, governing body, learners, and their families.
- Contributing to the establishment of a safe, resilient, and robust safeguarding culture in the setting built on shared values; that learners are treated with respect and dignity, taught to treat each other and staff with respect, feel safe, have a voice and are listened to.
- Supporting contextual safeguarding practice recognising that the setting's site can be a location where harm can occur.
- Setting expectations for developing knowledge and skills within the setting's community (staff, learners, parents/carers) to the signs and indicators of safeguarding issues and how to respond to them.
- Early identification of need for vulnerable learners and provision of proportionate interventions to promote their welfare and safety.
- Working in partnership with learners, parents, and other agencies in the Local Safeguarding Partnership.

## 1.5 Professional expectations, roles, and responsibilities

### 1.5.1 Role of all staff

- All staff will read and understand Part 1 of statutory guidance Keeping Children Safe in Education (2023). Those working directly with child/vulnerable adult ren will also read Annex B. **[Those who do not work directly with children will have the option of reading Annex A instead**
- In addition to this all staff will be aware of the systems in place which support safeguarding including reading this Safeguarding and Child Protection Policy; the Behaviour Policy; the Staff Behaviour Policy (code of conduct); safeguarding response to children/vulnerable adults who go missing from education; and the role of the Designated Safeguarding Lead (DSL).
- Know who and how to contact the DSL and any deputies, the Chair of Governors and the Governor responsible for safeguarding.

- All staff will be able to identify vulnerable learners and take action to keep them safe. Information or concerns about learners will be shared with the DSL where it includes those:
  - who may need a social worker and may be experiencing abuse or neglect
  - requiring mental health support
  - who may benefit from early help
  - where there is a radicalisation concern
  - where a crime may have been committed
- Be clear as to the setting's policy and procedures about [child-on-child abuse](#), children/vulnerable adults missing education and [those requiring mental health support](#), and the [impact of technology in relation to online safety](#).
- Be involved where appropriate, in the implementation of individual plans to further safeguard vulnerable learners and understand their academic progress and attainment and maintain a culture of high aspirations for this cohort.
- Record concerns appropriately and in a timely manner by using the setting's safeguarding systems.
- To be aware of the need to raise to the senior leadership team any concerns they have about safeguarding practices within the setting.

### 1.5.2 - Role of the Designated Safeguarding Lead (DSL)

Duties are further outlined in Keeping Children Safe in Education (2023)

Details of our DSL and Deputy DSL are available on the **Educationwise Academy** website and on Onefile

- The DSL is a senior member of staff who undertakes lead responsibility for safeguarding and child protection within the setting. This responsibility is explicit in the role holder's job description.
- The DSL works with the CEO, and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that learners in need are experiencing or have experienced, and identifying the impact that these issues might be having on learner's attendance, engagement and achievement at school or college.
- Activities include the management of work undertaken by any Deputy DSLs.
- Manage early identification of vulnerability of learners and their families from staff through cause for concerns or notifications. This will ensure detailed, accurate, secure written records of concerns and referrals.
- Manage referrals to the local safeguarding partners where learners with additional needs have been identified. These can include those –
  - who may need a social worker and may be experiencing abuse or neglect
  - requiring mental health support
  - who may benefit from early help
  - where there is a radicalisation concern
  - where a crime may have been committed

### **The DSL will also:**

- Work with others – acting as a point of contact for outside agencies about safeguarding.
- Support and advise other staff in making referrals to other agencies.
- When required, liaise with the case manager and the Local Authority Designated Officer (LADO) in relation to child protection cases which concern a staff member.
- Coordinate safeguarding training and raise awareness and understanding to the settings community around policies and practice in relation to safeguarding.
- Help promote educational outcomes by sharing information about vulnerable learners with relevant staff. This includes ensuring that staff:
  - know who these children/vulnerable adults are,
  - understand their academic progress and attainment and maintain a culture of high aspirations for this cohort.
  - Are supported to identify the challenges that children/vulnerable adults in this group might face.
  - Provide additional academic support or make reasonable adjustments to help children/vulnerable adults who have **or have had** a social worker to reach their potential.

### **1.5.3 - Role of the Governing Body/Board–**

Duties are further outlined in Keeping Children Safe in Education (2023)

- The governing body will ensure that all governors and trustees receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in the setting are effective and support the delivery of a robust whole setting approach to safeguarding. This training will be regularly updated.
- There is a senior board level lead who takes responsibility for the setting's safeguarding responsibility to ensure that safeguarding and child protection practice, process, and policy (including online safety) is effective and is compliant with legislation, statutory guidance, and Local Safeguarding Partnership arrangements.
- The appointed Safeguarding Governor will liaise with the CEOI and the DSL to produce an annual report for governors.
- Ensure that the setting remedies any deficiencies or weaknesses brought to its attention without delay.
- Ensure that this document is updated annually (or when there are significant updates).
- Ensure that the DSL is an appropriate senior member of setting's senior leadership team and ensure that they have adequate time, funding, training, resources, and support to carry out their role effectively.
- Ensure that the training and learning for the settings community is robust and effective.
- Ensure that learners are taught about safeguarding on the curriculum including online safety in compliance with statutory guidance

- To ensure that teachers, including supply teachers, other staff, volunteers, and contractors have appropriate checks carried out in line with statutory guidance Keeping Children Safe In Education (2023).
- Ensure that there are procedures in place to manage safeguarding concerns or allegations against teachers, including supply teachers, other staff, volunteers, and contractors who may not be suitable to work with or pose a risk to learners, this includes having a process to manage low level concerns.
- Ensure that systems are in place for learners to effectively share a concern about a safeguarding issue they are experiencing, express their views and give feedback.
- Ensure that the setting has systems in place to prevent, identify and respond to child-on-child harm (including sexual abuse and sexual harassment) and mental health concerns, and review the effectiveness of the setting's online safety practices.
- Appoint a Designated Teacher to promote the educational achievement for children/vulnerable adults in care and other care arrangements.

## 1.6 Safeguarding training for staff

### 1.6.1 - All staff:

- Governing bodies and proprietors will ensure that all staff members undergo safeguarding and child protection (including online safety) training at induction.
- Will receive appropriate safeguarding and child protection (including online safety) refresher training at least on annually (via formal training, email e-bulletins and staff meetings).
- All staff must complete FGM awareness training and will understand their legal duty under the [Mandatory Reporting Duty](#).
- All staff must complete PREVENT awareness training. This is to ensure that they can comply with the legal expectations under the PREVENT duty.
- Staff training includes clear reference to internal whistleblowing policy and guidance for escalating concerns.
- All staff will receive appropriate safeguarding and child protection training (including online safety which, amongst other things, includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring) at induction. The training will be regularly updated. In addition, all staff will receive safeguarding and child protection (including online safety) updates (via email, Teams Safeguarding Channel, and staff meetings), as required, and at least annually, to continue to provide them with relevant skills and knowledge to safeguard children effectively.

### 1.6.2 - Designated Safeguarding Lead and deputies:

- Will undergo formal training to provide them with the knowledge and skills (including online safety) training required to carry out the role. The training will be updated at least every two years.
- Deputies will be trained to the same level as the DSL.
- The DSL and any deputies will liaise with the Local Safeguarding Partnership to ensure that their knowledge and skills are updated via e-bulletins, attend DSL network meetings, and take time to read and digest safeguarding bulletins.

### 1.6.3 - Other training considerations:

- The governing body will ensure that at least one person on any appointment panel will have undertaken safer recruitment training
- Members of the Senior Leadership Team will make themselves aware of and understand their role within the local safeguarding arrangements. This will ensure that those who have responsibility for the management of behaviour, inclusion, Special Educational Needs, attendance, and exclusions will carry out their duties with a safeguarding consideration.
- The mental health lead has access to appropriate training.
- Training around safeguarding topics in Annex B (including online safety) will be integrated, aligned, and considered as part of a whole setting safeguarding approach.

## 1.7 Safeguarding in the curriculum

**Educationwise Academy** is dedicated to ensuring that learners are taught about safeguarding, including online safety. We recognise that a one size fits all approach may not be appropriate for all learners, and a more personalised or contextualised approach for more vulnerable learners, victims of abuse and some SEND children/adults might be needed. This is part of a broad and balanced curriculum.

This includes:

- The curriculum will be shaped to respond to safeguarding incident patterns in the setting identified by the Designated Safeguarding Lead and safeguarding team (e.g., to respond to an increase in bullying incidents).
- Providing engagement opportunities with parents and carers to consult on key aspects of the curriculum for 16-18 year olds.

## 1.8 Safer recruitment and safer working practice

### 1.8.1 - Safer recruitment

**Educationwise Academy** pays full regard to the safer recruitment practices detailed in 'Keeping Children Safe in Education' (2023)

- This includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history, and ensuring that a candidate has the health and physical capacity for the job. References are always obtained, scrutinised and concerns resolved satisfactorily before appointment is confirmed.
- It also includes undertaking appropriate checks through the Disclosure and Barring Service (DBS), the barred list checks and prohibition checks (and overseas checks if appropriate), dependent on the role and duties performed, including regulated and non-regulated activity.
- The HR Team at Educationwise carries out a safe recruitment process and ensures that all appropriate checks are carried out on new staff that will work or come into contact with children and adults at risk in line with the Disclosure and Barring Service

requirements. Our HR Teams Recruitment policy has further details on recruitment procedures.

## **Disclosure and Barring Service Checks**

The Disclosure and Barring Service (DBS) is an executive agency of the Home Office and its primary purpose is to help employers make safer recruitment decisions and appointments. By conducting checks and providing details of criminal records and other relevant information, DBS helps to identify applicants who may be unsuitable for certain work and positions, especially those involving contact with children (those less than 18 years old) or adults at risk.

Depending on the type and regularity of contact with children or adults at risk involved in a particular role, employers are entitled to make appropriate types of enquiry about the applicant's criminal record and seek a disclosure through a DBS check.

Educationwise can undertake five types of criminal records checks depending on the role applied for:

### **1. Standard DBS check**

This will be for positions that are included in the Rehabilitation of Offenders Act (ROA) 1974 (Exceptions) Order 1975. This type of check contains details of individual's convictions, cautions, reprimands or warnings recorded on police central records and includes both 'spent' and 'unspent' convictions that will be shown on a criminal records check.

### **2. Enhanced DBS check**

This will be for positions included in both the ROA 1974 Exceptions Order and in the Police Act 1997 regulations. This type of check contains the same details as the standard check plus any information held locally by police forces that it is reasonably considered to be relevant to the post applied for.

### **3. Enhanced DBS & barred list check (child)**

An enhanced check with information from the DBS's children's barred list is only available for those individuals engaged in regulated activity with children and a small number of posts as listed in the Police Act 1997 regulations.

### **4. Enhanced DBS & barred list check (adult)**

An enhanced check with information from the DBS's adults barred list is only available for those individuals engaged in regulated activity with adults and a small number of posts as listed in the Police Act 1997 regulations.

### **5. Enhanced DBS & barred list check (child and adult)**

An enhanced check with information from the DBS's children and adults barred list is only available for those individuals engaged in regulated activity with both vulnerable s including children and a small number of posts as listed in the Police Act regulations.

- In addition, as part of the shortlisting process **Educationwise Academy** will consider carrying out an online search as part of their due diligence on the shortlisted candidates. This may help identify any incidents or issues that have happened, and are publicly available online, which the setting might want to explore with the applicant at interview.
- All recruitment materials will include reference to **Educationwise Academy's** commitment to safeguarding and promoting the wellbeing of learners.

The process around how the setting manages concerns where a professional may pose a risk to learners and our response to low level concerns can be accessed in section [2.8 Allegations of abuse made against professionals](#).

### 1.8.3 - Whistleblowing procedures

Staff are aware of the following whistleblowing channels for situations where they feel unable to raise an issue with the senior leadership team or feel that their genuine concerns are not being addressed:

- General guidance can be found at: Advice on whistleblowing <https://www.gov.uk/whistleblowing>.
- The NSPCC whistleblowing helpline is available [here](#) for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: [help@nspcc.org.uk](mailto:help@nspcc.org.uk).

## 1.9 Key safeguarding areas

These topics are themes that can impact on children/vulnerable adults and families, there are specific areas of safeguarding that the setting has statutory responsibilities to address which are hyperlinked:

- [Child Exploitation](#) (including both Child Sexual Exploitation and Child Criminal Exploitation and county lines, modern day slavery and trafficking)
- Cybercrime
- [Domestic Abuse](#)
- Homelessness
- So-called Honour based Abuse (including Female Genital Mutilation and Forced Marriage),
- [Online Safety](#)
- [Mental health](#)
- [Child-on-child harm](#):
  - Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
  - Abuse in intimate personal relationships between children (also known as teenage relationship abuse).
  - Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse).
  - Sexual violence, such as rape, assault by penetration and sexual assault;(this may include an online element which facilitates, threatens and/or encourages sexual violence).
  - Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse.

- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
  - Consensual and non-consensual sharing of nudes and semi-nude images and or videos (also known as sexting or youth produced sexual imagery).
  - Upskirting, which typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm; and
  - Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).
- [Preventing Radicalisation \(The Prevent Duty\)](#)
  - [Serious Youth Violence](#)
  - Substance Misuse
  - [Private Fostering](#)
  - [Young Carers](#)

Additional information about key safeguarding areas can also be found in Keeping Children Safe in Education (2023; Annex B); the [NSPCC website - Types of Abuse](#);

## PART 2: Procedures

---

### 2.1 Reporting concerns

All staff are clear about recording and reporting concerns to the DSL/DSL deputies in a timely way. In the case a learner is in immediate danger, staff should phone the police.

All staff are aware of and follow the procedures to respond to a concern about a child detailed in [Appendix B](#). This includes responses to child-on-child harm and learners who present with a mental health need.

At **Educationwise Academy** learners can raise their concerns via **any member of staff and directly with the Lead DSO or Deputy DSO’s** and they will be treated seriously.

### 2.2 Information Sharing

**Educationwise Academy** is committed to have due regard to relevant data protection principles which allow for sharing (and withholding) personal information as provided for in the Data protection Act 2018 and UK General Data Protection Regulations. This includes how to store and share information for safeguarding purposes, including information which is sensitive and personal and should be treated as ‘special category personal data’.

Staff at the setting are aware that:

- ‘Safeguarding’ and ‘individuals at risk’ is a processing condition that allows practitioners to share special category personal data.

- Practitioners will seek consent to share data where possible in line with [Information Sharing for Safeguarding Practitioners 2018](#).

There may be times when it is necessary to share information without consent such as:

- To gain consent would place the child at risk,
- by doing so will compromise a criminal investigation,
- It cannot be reasonably expected that a practitioner gains consent,
- or, if by sharing information it will enhance the safeguarding of a child in a timely manner, but it is not possible to gain consent.

There are also times when Educationwise Academy will not provide learner's personal data where the serious harm test under legislation is met, (by sharing the information the child may be at further risk). When in doubt Educationwise Academy will seek legal advice.

**The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children/vulnerable adults safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.**

### 2.3 Identifying and monitoring the needs of vulnerable learners.

The DSL and Deputy DSL will regularly review and monitor those students who have been identified as vulnerable. This can include reviewing attendance data, behaviour data, attainment data and safeguarding records. This is to ensure that:

- Proportionate and early interventions can be taken to promote the safety and welfare of the child and prevent escalation of harm.
- Information about vulnerable learners is shared with teachers and the settings leadership staff to promote educational outcomes.
- Learners who currently have, or have had, a social worker will have their academic progress and attainment reviewed and additional academic support will be provided to help them reach their full potential.
- Reasonable adjustments are made in relation to setting-based interventions – for example responding to behaviour.
- **Educationwise Academy** can support learners who may have intersecting protected characteristics. **Educationwise Academy** recognises those with protected characteristics are likely to be more vulnerable to negative experiences of discrimination both explicitly and or systemically.
- **Educationwise Academy** will work in the **best interests of the child** in compliance with their equality and human rights legal duties.

### 2.4 Multi-agency working

**Educationwise Academy** will work together with appropriate agencies to safeguard and promote the welfare of children/vulnerable adults including identifying and responding to their needs. This is in compliance with statutory guidance [Working Together to Safeguard Children 2018](#).

Occasions that warrant a statutory assessment under the Children Act 1989:

- If the child is in need under s.17 of the Children Act 1989 (including when a child is a young carer and or subject to a private fostering arrangement).
- Or if the child needs protection under s.47 of the Children Act 1989 where they are experiencing significant harm, or likely to experience significant harm.

Referrals in these cases should be made by the DSL (or Deputy DSLs) to Children's Social Care in the local authority in which that child resides. The list of safeguarding contact and other key agencies are listed in [Appendix B](#).

Where the child already has a social worker, the request for service should go immediately to the social worker involved or, in their absence, to their team manager. If the child is a child in care, notification should also be made to the Hope Virtual School.

**Educationwise Academy** will co-operate with any statutory safeguarding assessments conducted by children's social care: this includes ensuring representation at appropriate inter-agency meetings such as integrated support plan meetings initial and review child protection conferences and core group meetings.

#### 2.4.1 Additional considerations:

- Where a learner and/or their family is subject to an inter-agency child protection plan or a multiagency risk assessment conference (MARAC) meeting, the setting will contribute to the preparation, implementation, and review of the plan as appropriate.
- If a crime has been suspected or committed that involved the bringing of an offensive weapon on to the settings site, the setting will liaise with the Local Authority Violence Reduction Unit (Safer Options) who will consider a proportionate response.
- If there is an immediate risk of harm, the police should be called via 999. For other concerns of criminality, the non-statutory guidance '[When to Call the Police' from the NPCC](#). If non urgent you should report a crime via 101.
- In the rare event that a child death occurs, or a child is seriously harmed, **Educationwise Academy** will notify the local Keeping Safe Partnership as soon as is reasonably possible.

All staff should recognise that children/vulnerable adults can harm other children/vulnerable adults (including online). It is important that incidents of abuse and harm are treated under safeguarding policy in conjunction with the behaviour policy. However, concerns regarding the welfare of learners requires process and records to be kept on the child's safeguarding/child protection file.

Further examples of child-on-child harm this can be found under section [1.9 Key Safeguarding Areas](#). It is recognised that child-on-child harm can happen inside and outside of setting or online.

At Educationwise Academy

- We have a 'zero tolerance' approach to abuse. Incidents are taken seriously. These will never be tolerated or passed off as 'banter,' just having a laugh' or 'part of growing up.'

Banter and teasing can and should be acknowledged and recognised as bullying behaviour and may require proportionate intervention.

- Even with a zero-tolerance approach, we take steps to educate and act and ensure to mitigate the risk of contributing to a culture of unacceptable behaviours or a culture that normalises abuse.
- It is understood that child-on-child harm may reflect equality issues in terms of those who may be targeted are more likely to have protected characteristics.
- Early identification of vulnerability to child-on-child harm is made by reviewing attendance, behaviour, attainment, and safeguarding records at least on a termly basis.

There are clear systems in place (which are well promoted, easily understood and easily accessible) for learners to confidently report abuse knowing their concerns will be treated easily as reflected in section [2.1 Reporting a concern](#) of this policy. Educationwise Academy will handle initial reports of harm by:

- Securing the immediate safety of learners involved in an incident and sourcing support for other young people affected.
- Listening carefully, being non-judgmental, being clear about boundaries and how the report will be progressed, not asking leading questions and only prompting where necessary with open questions – where, when, what, etc.
- Ensuring that victims will never be given the impression that they are creating a problem by reporting **any** form of abuse or neglect, sexual violence, or sexual harassment. They will never be made to feel ashamed for making a report.
- All staff should be aware that children/vulnerable adults may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful.
- It is also important that staff determine how best to build trusted relationships with children/vulnerable adults which facilitates communication.
- Ensuring the child/vulnerable adult 's wishes are taken into consideration in any intervention and any action is taken to ensure safety of the target and other members of the child/vulnerable adult cohort or the settings community.
- Not promising confidentiality as it is highly likely that information will need to be shared with other professionals.

### **2.7.1 Actions to take in relation to sexual violence and sexual harassment.**

Reference to Keeping Children Safe in Education (2023) should be made in relation to taking protective action. **Educationwise Academy** will take the following actions when responding to incidents of sexual violence and sexual harassment:

- Incidents will be reported immediately to the DSL/ Deputy DSL who will undertake further assessment of what action should be taken proportionate to the factors that have been identified. Following training [The Brook - Sexual Behaviours Traffic Light Assessment Tool](#) should be utilised to inform assessment of risk and what actions to subsequently take. This may include seeking specialist advice and guidance from [Be Safe](#).

- DSLs/Deputies will take **proportionate** action and consider whether a case can be managed internally, through early help, or should involve other agencies as required in line with the section [2.4 - Multi-Agency Working section](#).
- When an incident involves an act of **sexual violence** (rape, assault by penetration, or sexual assault) the starting point is that this must be reported to the police immediately **regardless** of the age of criminal responsibility (10 years old). This must be reported directly via 101 for recording purposes and accountability. This is on the understanding that the police will take a welfarist approach rather than a criminal justice one. A concurrent referral to social care must also be made for **all children directly involved**. A strategy can be requested where education can voice explicitly concerns of criminalisation in a multi-agency context.
- When the children involved require a statutory assessment either under s.17 or s. 47 of the Children Act 1989 a referral to social care should be undertaken.
- Where the report includes an online element, the setting will follow [Searching, screening and confiscation at school 2022 - GOV.UK \(www.gov.uk\)](#) and [Sharing nudes and semi-nudes: advice for education settings working with children and young people - GOV.UK \(www.gov.uk\)](#). The key consideration is for staff not to view or forward illegal images of a child/vulnerable adult. The highlighted advice provides more details on what to do when viewing an image is unavoidable.
- Risk assessments and or safety plans will be developed for individual children/vulnerable adults who have been involved in an incident. This should be reviewed at least every 3 months or every time there is an occurrence of an incident. These should involve the child and parents/carers and address contextual risks.

#### 2.7.2 - Contextual safeguarding approach to child-on-child harm:

**Educationwise Academy** will minimise the risk of child-on-child harm by taking a contextual approach to safeguarding by increasing safety in the contexts of which harm can occur – this can include the settings environment itself, peer groups and the neighbourhood.

Following any incidents of child-on-child harm, the DSL/Deputies will review and consider whether any practice or environmental changes can be made in relation to any lessons learned. This can include making changes to staffing and supervision, making changes to the physical environment and considering the utilisation and delivery of safeguarding topics on the curriculum.

## 2.5 Responding to allegations of abuse made against professionals.

**Educationwise Academy** has processes and procedures in place to manage any safeguarding allegation, or concern (no matter how small), about staff members (including supply staff, volunteers, and contractors). Staff must report **any** concerns or allegations about a professional's behaviour, but more urgently where they may have:

- behaved in a way that has harmed a child/vulnerable adult or may have harmed a child/vulnerable adult.
- possibly committed a criminal offence against or related to a child/vulnerable adult.
- behaved towards a child/vulnerable adult or children in a way that indicates they may pose a risk of harm to child/vulnerable adult ren; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

### 2.8.1 - Immediate action that must be taken:

- **Do not** speak to the individual it concerns.
- Allegations or concerns about colleagues, supply staff, volunteers or contractors must be reported directly to the CEO who will follow guidance in Keeping Children Safe in Education (2023).
- If the concern relates to CEO it should be reported to the Chair of Governors, who will liaise with the [Local Authority Designated Officer \(LADO\)](#) and they will decide on any action required.
- If there is a conflict of interest which inhibits this process of reporting, staff can report directly to the LADO.
- If allegations are regarding a member of supply staff, the setting will take the lead and progress enquiries with the LADO, whilst continuing to engage and work with the employment agency.
- Allegations regarding foster carers or anyone in a position of trust working or volunteering with children/vulnerable adults should be referred to the LADO on the day that the allegation is reported. The allocated social worker should also be informed on the day. The setting should not undertake any investigation unless the LADO advises this.

### 2.8.2 - Low level concerns

This should be read in conjunction with the staff code of conduct and Keeping children Safe in Education (2023). A low-level concern is not insignificant. If staff have a safeguarding concern or an allegation about another member of staff (including supply staff, volunteers, or contractors) that does not meet the harm threshold, then this should be shared in accordance with the settings low-level concerns policy

- Reports should be made in accordance with **Educationwise Academy** own processes
- Educationwise Academy creates an environment where staff are encouraged and feel confident to self-refer where they have found themselves in a situation.
- The DSL will address unprofessional behaviour and support the individual to correct it at an early stage providing a responsive, sensitive, and proportionate handling of such concerns when they are raised.
- Review and correct any deficits in the setting's safeguarding system.

## 2.9 Mental health and wellbeing. (A flow diagram is available in [Appendix B](#) to illustrate this section)

Settings have an important role to play in supporting the mental health and wellbeing of their learners. Mental health problems can, in some cases, be an indicator that a child/vulnerable adult has suffered or is at risk of suffering abuse, neglect or exploitation, and or may require early help support.

**Educationwise Academy** will commit to undertake the following:

- The appointment of a senior mental health lead who can support the development of knowledge and act as a point of expertise to promote the wellbeing and mental health of learners. This colleague will have sufficient training in mental health **and** safeguarding for them to carry out their role effectively.

- Early identification of vulnerability to mental health problems by reviewing attendance, behaviour, attainment, and safeguarding records at least on a termly basis.
- Ensure that learners can report and share concerns in line with section [2.1 Reporting a concern](#) of this policy.
- Staff will follow a safeguarding process in terms of reporting concerns outlined in [Appendix B](#) so the DSL/Deputy DSLs (and wider members of the safeguarding team such as the SENDCo) can assess whether there are any other vulnerabilities can be identified and proportionate support considered.
- Staff will ensure the immediate health and safety of a learner who is displaying acute mental health distress. This may require support from emergency services via 999 if the learner is at risk of immediate harm.
- DSLs/Deputies will consider whether a case can be managed internally, through early help, or should involve other agencies as required in line with section [2.4 - Multi-Agency Working](#).
- The setting will communicate and work with the learner and parents/carers to ensure that interventions are in the best interests of the child/vulnerable adult.
- DSLs will liaise with staff to ensure reasonable adjustments are made and develop ways to support achieving positive educational outcomes.
- Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem – DSLs and the senior leadership team should be able to access specialist advice through targeted services or through their locality [Primary Mental Health Specialists from Child and Family Consultation Services](#).

### 2.9.1 - Contextual safeguarding approach to mental health

Educationwise Academy will ensure that preventative measures in terms of providing safeguarding on the curriculum will provide opportunities for learners to identify when they may need help, and to develop resilience.

The setting will take a ‘whole setting’ approach to:

- deliver high quality teaching around mental health and wellbeing on the curriculum.
- having a culture that promotes mental health and wellbeing
- having an environment that promotes mental health and wellbeing
- making sure pupils and staff are aware of and able to access a range of mental health services
- supporting staff wellbeing
- And being committed to pupil and parent participation

### 2.10 Online Safety

Online safety is an integrated and interwoven theme with other safeguarding considerations. It is essential that the DSL takes a lead on ensuring that interventions are effective. This means coordinating support and engaging with other colleagues in the setting who may have more technological expertise such as the IT manager.

Educationwise Academy is committed to addressing online safety issues around content, contact, conduct and commerce. This includes:

- Ensuring that online safety is concerned in relevant policies and procedures.

- Online safety is interwoven in safeguarding training for staff and safeguarding on the curriculum for learners.
- Acknowledging that child-on-child harm can happen via mobile and smart technology between individuals and groups. This should be approached in the same process outlined in section [2.7 Responding to incidents of child-on-child harm](#) and read in conjunction of Educationwise Academy’s policy on the use of mobile smart technology
- Provision of education via remote learning will comply with current governmental advice [Safeguarding and remote education during coronavirus \(COVID-19\) - GOV.UK \(www.gov.uk\)](#)
- The effectiveness of the setting’s ability to safeguarding learners in respect to filtering and monitoring, information security and access management alongside the above will be reviewed annually.

Reporting Concerns Flow Chart -

You have concerns about a child/vulnerable adult

**No matter what the outcome, keep monitoring, re-refer or escalate as appropriate. Participate in all assessments and plans. Chase referrals if not kept informed – this is our responsibility.**

**Safeguarding Response to Mental Health and Child on Child harm**

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation (KCSIE, 2023)

All staff should recognise that children are capable of abusing their peers. All staff should be clear about their setting's policy and procedures with regard to child-on-child abuse (KCSIE, 2023)

There is a concern about a learner's mental health

You are made aware of an incident or pattern of child-on-child abuse

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. (KCSIE, 2023)

Secure the safety of the learner(s) involved and source support for any other young people affected

Record the concern/incident in line with your setting's safeguarding and child protection policy (e.g., on CPOMs). The DSL and deputies are notified

The concern is reviewed by the DSL and safeguarding team. Information should be cross-referenced with attendance, behaviour records, attainment and any safeguarding and child protection concerns.

Possible examples of child-on-child harm

- Bullying (and cyberbullying)
- Physical abuse
- Sexual violence and sexual harassment
- Upskirting
- Nudes (sexting, youth produced sexual imagery)
- Initiation/hazing type violence and

Concern and need reviewed alongside learner and family

Concern can be managed internally through setting-based early help, support and signposting.

Concern requires additional support from a targeted agency or Primary Mental Health Specialist.

Child protection concern that requires a referral to social care for an assessment under s.17 or s.47 of the Children's Act 1989. Settings may also refer directly to CAMHs.

Concerns managed internally through pastoral support, contextual safeguarding, restorative approaches, RSE/PSHE. Setting informs parents/carers of incident and actions.

Outcomes

Outcomes

Repeat incidents or that of moderate concern – Setting liaises with parents/carers. Consider seeking consent and advice for targeted/specialist services to support all learners involved in the incident(s).

Clear child protection concerns/criminal issue. Make a referral to social care and/or the police for consideration of a statutory assessment.

All actions, risk assessments and responses should be recorded on the Safeguarding/Child Protection file. Plans/risk assessments should be reviewed every 3 months or on any occasion another concern is raised.

## Appendix C - Dealing with a disclosure of abuse

**When a child/vulnerable adult tells me about abuse they have suffered, what must I remember?**

- Stay calm.
- Do not communicate shock, anger, or embarrassment.
- Reassure the child/vulnerable adult. Tell them you are pleased that they are speaking to you.
- Never promise confidentiality. Assure them that you will try to help but let the child/vulnerable adult know that you may have to tell other people to do this. State who this will be and why.
- Encourage the child/vulnerable adult to talk but do not ask "leading questions" or press for information. Use 'Tell Me, Explain to me, Describe to me' (TED) questioning.
- Listen and remember.
- Check that you have understood correctly what the child/vulnerable adult is trying to tell you.
- Praise the child/vulnerable adult for telling you. Communicate that they have a right to be safe and protected.
- It is inappropriate to make any comments about the alleged perpetrator.
- Be aware that the child/vulnerable adult may retract what they have told you. It is essential to record all you have heard.
- At the end of the conversation, tell the child/vulnerable adult again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child/vulnerable adult's own language. Include any questions you may have asked. Do not add any opinions or interpretations.

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

- The 5 'Rs' are helpful in understanding what professional's duties are in relation to responding to an incident.

**Recognise – Respond – Reassure – Refer - Record**

## Appendix D - Types of abuse and neglect

The Department for Education's Tackle Child Abuse campaign has accessible videos to watch

<https://tacklechildabuse.campaign.gov.uk/>

Abuse and neglect are defined as the maltreatment of a child or young person whereby someone may abuse or neglect a child/vulnerable adult by inflicting harm, or by failing to prevent harm. They may be abused by an adult or adults or by another child or children.

All setting staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with

one another. For children with Special Educational Needs and Disabilities (SEND) additional barriers can exist when identifying abuse and neglect, these include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child/vulnerable adult 's disability without further exploration
- being more prone to peer group isolation than other children
- the potential for children/vulnerable adults with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- and communication barriers and difficulties in overcoming these barriers.

To address these additional challenges, settings should consider extra pastoral support for children/vulnerable adults with SEND (KCSIE, 2023).

The following are the definition of abuse and neglect as set out in Working Together to Safeguard Children (2018) however, the ultimate responsibility to assess and define the type of abuse a child or young person may be subject to is that of the Police and Children's Services – our responsibility is to understand what each category of abuse is and how this can impact on the welfare and development of our children/vulnerable adults and where we have concerns that a child or young person may be at risk of abuse and neglect (one or more categories can apply) to take appropriate action as early as possible.

**Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child/vulnerable adult. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child/vulnerable adult.

**Neglect:** the persistent failure to meet a child/vulnerable adult 's basic physical and/or psychological needs, likely to result in the serious impairment of the child/vulnerable adult 's health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child/vulnerable adult from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child/vulnerable adult 's basic emotional needs.

**Emotional abuse:** the persistent emotional maltreatment of a child/vulnerable adult such as to cause severe and adverse effects on the child/vulnerable adult 's emotional development. It may involve conveying to a child/vulnerable adult that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child/vulnerable adult opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child/vulnerable adult participating in normal social interaction. It may involve seeing or hearing the

ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children/vulnerable adults frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child/vulnerable adult, although it may occur alone.

**Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children/vulnerable adults in looking at, or in the production of, sexual images, watching sexual activities, encouraging children/vulnerable adults to behave in sexually inappropriate ways, or grooming a child/vulnerable adult in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

## **Appendix E Specific actions to take on topical safeguarding issues**

General or national guidance will not be included here. A summary of specific duties are in [Keeping Children Safe in Education 2023 Annex B](#) and Access to local guidance can be found in [Appendix A](#) of this document.

In recognition that the threshold of child/vulnerable adult protection is 'likely to suffer' significant harm, Educationwise Academy may need to make a referral to child/vulnerable adult ren's social care. Where possible, this will involve notifying the parent/carer if it does not place the learner at further risk of harm. In all other circumstances information will be shared in line with section [2.2 Information Sharing](#).

It is also important to recognise the importance of liaising with other education settings who may have siblings attending. It is likely that they may hold additional information which will support early identification of harm and in turn develop your assessment of need.

## **Child Exploitation – both Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)**

Educationwise Academy will ensure that early help intervention is provided as soon as a concern of exploitation is identified. Discussion and advice will be sought from targeted services to consider what support may be available. The learner and their families will be part of any planning and interventions.

- If the learner is at risk of CSE or there is intelligence which indicates that the learner or peer group are at risk of CSE, Educationwise Academy will share information with Operation Topaz (the police). This information will support proactive activity to disrupt criminal activity in relation to sexual exploitation.
- If the learner is at risk of CCE information should be shared with Bristol's Violence Reduction Unit - Safer Options. The Safer Options Education Inclusion Managers can advise and

support settings to manage risk. Targeted support may be available to disrupt learners from getting involved with criminality.

- Avon and Somerset Police share 'Missing persons' notifications (which a learner is reported missing from home or care) with education settings with a view to support them to take proactive action and reasonable adjustments in relation to behaviour management and achieving positive educational outcomes. These should be stored securely on the learner's Safeguarding/Child Protection file.

## Domestic Abuse

Operation Encompass is a national operation where local police forces notify when the police are called to an incident to domestic abuse. Avon and Somerset have their own version of this and will notify education settings whenever they have responded to a domestic abuse incident. This will enable the education setting to take proactive action and reasonable adjustments in relation to behaviour management and achieving positive educational outcomes.

Under the current information sharing protocol, the education setting **is not permitted** to share his information without seeking consent from Avon and Somerset police in case this may put a victim and learners at further risk of harm. The only exception to this when information is shared with new education setting (part of statutory duties in relation to transfer of the Safeguarding/ Child Protection file, Keeping Children Safe in Education). Additional instructions around this are sent out with every single notification.

- Education settings must have signed up to a Police Safeguarding Notification Briefing to receive these.
- Each setting should have at least 2 members of trained staff able to receive and act upon these notifications.
- Each setting should promote an open culture of safeguarding to enable learners and families to disclose and feel safe to talk about their experiences and what support may be required.

## Female Genital Mutilation

**Mandatory reporting duty:** [Click here for government guidance](#)

This is a legal duty for all professionals undertaking teaching work to report known cases of FGM to the police via 101. This is when they:

1. are informed by a girl under 18 that an act of FGM has been carried out on her; or
2. observe physical signs which appear to show that an act of FGM has been carried out

These cases must be referred to the DSL who will support them to carry out their duty. It is also advised any referrals made to the police under the mandatory reporting duty is followed up with children's social care, so an assessment of need and support is concurrently considered.

### Travel:

National guidance has highlighted going on holiday to a risk affected country is cause for concern, local guidance has been developed to prevent discriminatory action against families from risk affected communities.

- Families are encouraged to notify the education setting when they are looking to travel during term time dates.
- This will prompt a conversation with the DSL/ specialist trained member of staff to discuss and explain what FGM is in that; it is significantly harmful and illegal to practice this.
- The setting will complete an [FGM Referral Risk assessment](#) (available on the [Keeping Bristol Safe Partnership website](#)) with the family to identify any support that the family may require in relation to FGM.
- Proportionate action is taken. Referrals to social care should NOT be automatically made – however should be made if there are high risk concerns identified from the FGM Referral Risk Assessment.
- These assessments should be saved onto the child/vulnerable adult 's Safeguarding/Child Protection file to avoid duplication with new incidents of travel.

## Online Safety

- **Annex B of Keeping Children Safe in Education highlights additional actions schools should take to keep learners safe online.**
- For concerns around individual cases where a child/vulnerable adult has been harmed through online mediums, advice and guidance can be made through the **Professional Online Safeguarding Helpline**, T: 0344 381 4772, E: [helpline@saferinternet.org.uk](mailto:helpline@saferinternet.org.uk)
- Where there have been established cases of online abuse or grooming, the setting should alert - **Child Exploitation and Online Protection command (CEOPS)**

## Serious Youth Violence

To be read in conjunction with the above section around Child Criminal Exploitation. There has been local guidance issued on the issue of ['Offensive Weapons in Education Settings'](#).

It is important to note that should a weapon be used or there is threat of use, the police should be called immediately.

- The same day a weapon is found Safer Options should be called for a multi-disciplinary assessment of risk.
- Alternatives to exclusions should be considered first in recognition that by doing so a learner it may be at further risk of harm out in the community.
- Police will be notified through the multi-agency discussion held at the 'Out of Court Disposals Panel' to prevent students unnecessarily getting a criminal record.

## Preventing Radicalisation - The Prevent duty

All settings are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”.<sup>110</sup> This duty is known as the Prevent duty.

The Prevent duty should be seen as part of the settings wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised [Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare).

The guidance is set out in terms of four general themes:

- risk assessment,
- working in partnership,
- staff training, and
- IT policies.

## Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child:

- under the age of 16 years (under 18, if disabled)
- by someone other than a parent or close relative (\*Close family relative is defined as a ‘grandparent, brother, sister, uncle or aunt’ and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.)
- with the intention that it should last for 28 days or more.

Cases of private fostering arrangements must be reported to children’s social care to ensure that needs are adequately made.

Statutory guidance states that this should be done at least 6 weeks before the arrangement is due to start or as soon as you are made aware of the arrangements. Not to do so is a criminal offence.

Further support and reasonable adjustments should be made by the education setting to promote achievement of positive educational outcomes.

## Young Carers

A young carer is a person under 18 who regularly provides emotional and/or practical support and assistance for a family member who is disabled, physically or mentally unwell or who misuses substances.

The setting will support learners who are young carers to appropriate support. To find out what is available locally visit the Bristol City Council Website - <https://www.bristol.gov.uk/social-care-health/support-for-young-carers>

The Carers Support Centre can undertake an assessment of need and provide bespoke support.
